MANAGE YOUR ASSETS, PROPERTIES AND MAP IT FOR VISUALIZATION

Your convenient and hassle-free
real property solution made available
at the tips of your hand.

MAPX WEB

MapX is an online portal that addresses the automation of the tax mapping process.

It provides a web-based application for parcellary mapping and other related activities with respect to the spatial information of the real property units.

MapX eliminates the manual process of plotting property maps such as index, sections, vicinity and among others.

FEATURES

- Interactive Map Viewer
- Parcel Plotting
- Miscellaneous Map
- RPU Information Integration via API
- Pin Generation
- New Entry / Subdivision / Consolidation
- Map Printing (Section, Index, Sketch)
- Land Value Map

MAPX APP MOBILE APPLICATION

The system comes with a mobile application for geotagging and field validation of RPUs. It helps the assessors and RPU owners assess the current situation and valuation of the property.

MOBILE PAYMENT

Pay your real property taxes effortlessly with our Mobile App. Conveniently manage and settle your obligations on the go, ensuring peace of mind and timely compliance with just a few taps on your smartphone.
